奥斯米（宁波）精密模塑有限公司，主要从事于研发和生产高端饮料包装模具（压盖模具、注盖模具、瓶胚模具）。公司成立于 2005 年，位于中国模具之乡浙江余姚。

经过十多年的努力，奥斯米与全球多家著名饮料和饮料包装公司建立了长期的合作关系，严格的质量控制体系及多年专业领域的专业经验，成就了奥斯米模具研发能力强、供货周期短、性能稳定、使用寿命长等优势。

奥斯米不断创新的理念和高品质的综合性服务，为客户从产品概念到模具投入运行提供全程技术支持和生产解决方案，让客户实现利益最大化，共同推动行业前进。

ASM (Ningbo) Precision Mould & Plastic Co., LTD., which mainly engaged in development and production of high-end beverage packaging mould (Closure compression moulds, closure injection moulds, perform moulds). ASM was founded in 2005, which located in the mould hometown of YuYao, ZheJiang, China.

After ten years of effort, ASM cooperated with many global famous beverage-packaging companies, and established the long-term relationship with them. The strict quality control system and serveral years of professional experience in the field, ASM achieved strong research and development ability, short delivery time, high performance, long life expectancy and other advantages.

ASM innovative concept and high quality comprehensive services, that provide customers from product concept to mould running with fully technical support and production solutions, make customers to achieve the maximization of the interests and promote industry moving forward.

ASM 优势

ASM Superiorities

01 模具品质 Mold Quality

- 模具旺季生产稳定性高
- 模具寿命（保证不低于600万模）
- 生产出的瓶胚、瓶盖符合所有检测标准
- 严格控制零件精度
- 所有成型零件表面涂层处理
- 所有零配件供应商采用世界知名供应商
- High mold stability during the peak production season
- Mold life (≥ 6 Million cycles)
- Conform to all the preform、cap specification
- Strictly control the machining accuracy of parts
- All stack parts with surface coating treatment
- All mold standard parts from world-renowned suppliers

02 模具价格 Mold Price

在保证模具运行稳定性、成型周期、模具寿命，生产出的瓶胚、瓶盖在功能性上与原装模具保持一致，价格上有很大的竞争优势。
Under the premise of ensuring the stability of mold operation, cycle time, mold life, preform and cap functionality consistent with the original mold, the price has a great competitive advantage.
